Halton Catholic District School Board textbook review committee has chosen the resources above as the recommended resources for their Grades 4 and 5 Social Studies Program.

Here is what consultant Mary Bender of Waterloo Catholic District School Board reported on the decision of recommended resources for their Grades 4 and 5 Social Studies Program:

*A team of teachers from WCDSB conducted a thorough review of resources available for Social Studies Grades 4 and 5 before unanimously recommending the resources from Duval House Publishing as our system's core resources.*

*They were impressed with the variety of teaching and learning strategies ... resources are student, teacher and parent friendly. They have been in use across our system for the last year, and response has been very positive.*
